It's most sub - lime to Dance this new tune di - vine,
Hear the weird moan of the Big Sax - o - phone,
All o - ver U. S. A. their fall - ing in line,
O - ver in France we're just a watching our chance,

That all the Jazz Bo Bands play - ing so fine,
And mel - low tones of the Ma - rim - ba - phone,
For a great Ar - my the best of all time,
To get lined up for the one big ad - vance,

It is the lov - in' dance it makes your step keen,
The Trombone slidin' in with all of his might,
You see them proudly marching with a firm step,
And when we start to go the Ger - mans we'll mow,

Come on my Ba - by and we'll cut 'it out clean,
The Ban - jos Raggin' makes you Dance with de - light,
The Nations thor - o - bred and all full of pep,
Ten Million strong we're just a Rair - in' to go,

Glide to the left and then a whirl to the right,
Vi - o - lins sigh - ing and a - cry - ing the Blues,
All our In - dus - tries are now mak - ing the Pills,
We'll nev - er stop un - til we're o - ver the top,

Oh you kid hold me tight,
A squealing Clar - i - net too,
And dope to Doc - tor up Bill,
For we're all sore to the core,

Snug - gle up to me and we'll rock,
Pi - an - o Jazz Cor - net and Drums,
So John - y run and get your Gun,
We'll go right in - to old Ber - lin,

While they play that Dream - y Trot.
All to - geth - er makes it hum.
For we're goin' to smash the Huns.
Get the Kais - er and his Kins.
