Moderato

There's something that ap - pears — On all peo - ple ag - ing in
I know I've been all wrong — And I've known it too all a-

years. They are called wrink - les and I know My moth - er has a lot to show,
long, I wonder why I nev - er tried, To let the good o'er take my pride,

Slow

I bow my head in shame,
I'm sad as I can be,

'cause I a - lone am to blame,
My fol - ly now I do see.

CHORUS

Wrink - les from years of wor - ry, Wrink - les from years of

pain, Wrink - les from care and sor - row, And

hopes that were all in vain, Wrink - les from sac - ri - fi - ces

When sighs and tears have left their sign, Oh, I wish that I had nev - er

been half so bad, to that old white-haired moth - er of mine.
