I have waited for the hail and snow to go
It is in the springtime Pretty Ma-mie mine,

Longing for to be with you Waiting for the gentle spring you know I love you in-deed I
When all nature seem more grand; See the birds and pret-ty flowers All o'er the gladsome

do; Pretty Ma-mie the spring is al-most here, So, let us stroll a-way to -
land; To the sea-shore we will go My dear, And stroll a-long the san-dy

night I have waited longing for you dear, To re-fuse would not be right.
beach See the lov-ers come from far and near Sweet words of love to teach.
