NEW PIANO MUSIC

THE TRUMPETERS MARCH.

A good wearing number that is sure to find its place in the repertoire of every up-to-date pianist.

It possesses tone, timbre and melody, the three components of popular music that comes to stay. It is a soul-inspiring march from start to finish, brilliant and catchy, elusive and dainty, with no lack of animation and without a waste note. It touches the heart! It delights the masses! It purges the lips and sets the blood to tingling like a lay of ancient chivalry.

PRINCESS WALTZES

Well named, for it is royal and the stamp of nobility is upon it. It appeals to the lover of music, the lover of the dance, and other lovers. It may be easy to begin it, but it will be difficult to cast it aside, for there will be a plausive demand for its continuance. It is entrancing in its melody, restful in its rhythm, and contagious in its brilliancy.
