There are times when you are lone-ly and you feel so bad— It seems you rea-ly don't know
Now that you have gone and left me dear-ie all a-lone— No one to love me and I'm

what to do—There are times when you're in hard luck and your heart is sad— It seems this
far from home— You have left me for an-oth-er if you can't a-gree—Then you must

whole wide world—has gone back on you— There are times when you have ev-'ry thing to
pack right up— and come home to me— 'Cause you know I've al-ways loved you Dad-dy

make you glad— But still there's some thing al-ways wrong with you— now won't you
heart and soul— You've ceased to love me and you quit me cold— re-mem-ber

lis - ten here — and I'll tell you true — It's a real case of the blues —
sun - shine fol - lows af - ter rain — You may want me back a - gain —
