Ja-key Gold-blatt owned a cloth-ing store, Had good busi-ness for a year or more,
When the trans-port sail'd off from the dock, Ja-key quick-ly got an aw-ful shock,

But when this coun-try went to war, Ja-key en-list-ed 'cause he
In the wa-ter he saw a sar-dine, Right a-way he thought it was

was aw-ful sore, He tried to sell his busi-ness but he could-n't give it a-way, So he
a sub-ma-rine, He thought of all his cre-di-tors and peo-ple he did-n't pay, That

set the place on fire in a bus-i-ness way, He felt so bad when he march'd a-
was some con-so-la-tion when he had to go a-way, Jake was not scared he just stopped to

way, think, All the peo-ple heard him say,
What do I care if the boat should sink.
